

Getting Your JPHSA Staff Website Password

Go to <https://www.jphsa.org/login> and do the following:

1. Click on “Forgot Password”
2. Enter your JPHSA email address and click on “Request Password Reset”

You will receive a reset link to change your password by email. When you receive the reset link, please note the following when choosing your password:

- Your username will always be your JPHSA email address.
- Your new password will be case sensitive.
- Your new password should contain a combination of numbers, lower and upper case letters, and a special character (~!@#\$%^&*_+?<>). (Example:#mousE2577)
- We suggest you include numbers that are easy for you to remember like the first four digits of your JPHSA employee staff number.

After you reset your password, you will access the JPHSA Staff Website in the future from this link:

<https://www.jphsa.org/login>.
